

Malta Financial Services Authority

Website: www.mfsa.com.mt

The Malta Financial Services Authority is the single regulator for financial services in Malta.

The Malta Financial Services Authority (MFSA) is the single licensing and supervisory authority for all financial services activity. The Authority is an autonomous public institution set up by law. The sector overseen by MFSA includes credit institutions, insurance business, investment services, pensions and trust management and recognised investment exchanges, that provide a wide range of products and services on the domestic and internal markets.

The MFSA is further responsible for the consumer awareness and education in the financial services sector. It also manages Malta's Registry of Companies.
